

Parramatta East Public School

Ever Aim High

WEBSITE PERMISSION NOTE

As the use of computers becomes more widespread so has the need to provide more access for parents and the community to daily happenings at Parramatta East Public School.

To meet this need and as a way of keeping parents informed of current programs operating at our school, as well as a means of sharing graphically some of our special events, we have a school website. This also serves as a means of promoting our school for any prospective families intending to move into the area.

There are certain departmental guidelines we must adhere to for publishing on our website.

These guidelines are listed below:

- First and last names of students are not published with photos or work
- Student names are not directly linked to a photograph
- A first name only may appear on the front of artwork
- Parental permission is required for a student's photograph to appear on the website
- Parental permission is required for a student's work that may appear on the website

At times there will be group photos of students, individual photos and possibly some student's work on the website. At no time in the publication of these items will a student's name be directly linked to a personal photograph. There may also be parents in some of the photos taken at special occasions.

Please read and sign the sections appropriate to you on the next page and return it to the classroom teacher tomorrow.

Should you have any concerns or require more information, please don't hesitate to contact the school.

Please ensure you complete fully and sign the sections of your choice on the following page. Please put a line through those that do not apply.

Linda Webb
PRINCIPAL

Please read each section carefully.

Fill in your child's name, then sign and date the sections that apply to you.

Return the whole sheet to the classroom teacher by tomorrow
